“Collective effort and responsibility are important. You spread the risk because you share the risk.”

Andy Macfarlane, Elected Director,

Fonterra (New Zealand)

“Farmers are making natural progress. But are we going fast enough? Clearly not.”

Jay Waldvogel, Senior Vice President Strategy

and International Development,

Dairy Farmers of America (United States)

“In co-ops across the world, the farmers are leading. We have to build an incentive for them to really move.”

Hanne Søndergaard, EVP and Chief Agriculture

and Sustainability Officer,

Arla Foods (Denmark)
